SUMMARY

Registered nurse with three years on a 32-bed medical-surgical unit and two years before that as a patient care technician. Charge nurse two shifts a week and preceptor for new graduates.

EXPERIENCE

Lakeshore General Hospital
Registered Nurse, Medical-Surgical Unit · July 2021 - Present

- Care for 5–6 patients per 12-hour shift on a 32-bed unit, including cardiac, post-op and diabetic patients.
- Charge nurse two shifts a week since 2023: assign patients, manage admissions and discharges, and support six to eight nurses.
- Precept new graduate nurses; seven have completed orientation with me.
- Member of the unit falls committee; after we added hourly rounding and bed-alarm checks, the unit went 10 months without a patient fall in 2024.

Lakeshore General Hospital
Patient Care Technician · June 2019 - June 2021

- Took vital signs and helped with mobility and hygiene for up to 12 patients a shift, reporting changes to the RN.
